GOIS R1 SAFETY
PURSE RING RELEASE

Opening Mechanisms

Use Gois Marlin Spike
to Open Release

Advantages of using the Gois Safety
Ring Release

- Release purse rings from the net before the net is rolled on the boat
- Eliminate danger of crew injury by never rolling purse rings through the power block
- Release purse rings from the purse cable during pursing to clear net from purse cable
- Release purse rings from the purse cable to easily move bow ortza to the bow to clear net
- Made out of strong, high quality stainless steel
- Easily opened under heavy loads
